

# What Do Our Schools Need to Thrive?

*a Community Conversation*

**Parents, educators, students and community activists are invited to a forum on school funding**

*What are the schools our students need and deserve?*

*What can we do together to win new state funds for our district?*

*What is the Fund Our Future campaign?*

Share ideas and help build a movement for quality education for all.

**From 6 – 7:30 PM**

**Nelson Place School**

**35 Nelson Place | Worcester, MA 01605**

**Our school district is badly underfunded. Under the Promise Act — a bill backed by the MTA and other members of the Fund Our Future coalition — Worcester Public Schools would receive an estimated **\$70 million a year** once additional funding is fully phased in. Come join a community conversation about how our students could benefit from these additional funds — and hear what we can do together to make sure our state lawmakers approve this important legislation.**
